

Conundrum New York Review Books Classics

JAN MORRIS

I was three or perhaps four years old when I realized that I had been born into the wrong body, and should really be a girl. I remember the moment well, and it is the earliest memory of my life.

BOOK SYNOPSIS

The great travel writer Jan Morris was born James Morris. James Morris distinguished himself in the British military, became a successful and physically daring reporter, climbed mountains, crossed deserts, and established a reputation as a historian of the British empire. He was happily married, with several children. To all appearances, he was not only a man, but a man's man. Except that appearances, as James Morris had known from early childhood, can be deeply misleading. James Morris had known all his conscious life that at heart he was a woman. *Conundrum*, one of the earliest books to discuss transsexuality with honesty and without prurience, tells the story of James Morris—s hidden life and how he decided to bring it into the open, as he resolved first on a hormone treatment and, second, on risky experimental surgery that would turn him into the woman that he truly was.

CONUNDRUM NEW YORK REVIEW BOOKS CLASSICS - Are you looking for Ebook *Conundrum New York Review Books Classics* ? You will be glad to know that right now *Conundrum New York Review Books Classics* is available on our online library. With our online resources, you can find *Applied Numerical Methods With Matlab Solution Manual 3rd Edition* or just about any type of ebooks, for any type of product.
