BOOK SYNOPSIS

In *Rethinking Education in the Age of Technology*, Allan Collins and Richard Halverson argue that the knowledge revolution has transformed our jobs, our homes, our lives, and therefore must also transform our schools. This groundbreaking book offers a vision for the future of American education that goes well beyond the walls of the classroom to include online social networks, distance learning with "anytime, anywhere" access, digital home schooling models, video-game learning environments, and more. --From publisher description.
